

FORENSIC EVIDENCE REPORT: THEY HAD A COMPLETE MELTDOWN TRYING TO EXPLAIN HOW YOU PULLED THAT OFF

A Forensic Narrative Analysis of the Systematic Persecution and Unprecedented Survival of Dr. Richard William McLean (Barran Resonance Dodger)

Report Date: April 2026

Subject: Dr. Richard William McLean, PhD (Victoria University, 2020)

Also Known As: Barran Resonance Dodger

Evidence Base: 2,077+ primary source documents spanning 1990–2026

Estimated Total Damages: \$32.9 Million+

"The loudest screams always come from the ones who swore you'd never learn how to fly."

EXECUTIVE SUMMARY

This forensic evidence report documents the most comprehensive case of systematic state-sponsored persecution in Australian history — and the unprecedented survival, recovery, and counter-documentation by a single individual operating with chronic schizophrenia, acquired brain injury, and in conditions of absolute poverty.

For 35 years, government agencies, institutions, and individuals operated under the confident assumption that Dr. Richard McLean could be silenced, discredited, controlled, and ultimately destroyed. They had a complete meltdown trying to explain how he pulled off his survival — because every tool they deployed against him became the raw material for the most forensically detailed human rights case ever assembled within a Western democracy. **They expected ruins. Instead, they're staring at 2,077 evidence files and counting.**

SECTION 1: THEY MISJUDGED THE DEPTH OF THE FIRE HE WAS RISING FROM

"They mistook your damage for your downfall, not realizing it was your training ground."

The Evidence

The biggest mistake Dr. McLean's adversaries ever made was assuming the wounds they inflicted would become his weakness — not his weapon.

EXHIBIT A — The "Sacrifice" Threat

NDIA Manager **Tony Riddle** explicitly told Dr. McLean:

"You will be sacrificed."

This direct quote, preserved in contemporaneous records, confirms that government officials viewed a disabled whistleblower as a disposable commodity within the system. They calculated that a man with chronic schizophrenia, no legal representation, and no financial resources would simply disappear after being "sacrificed." They never imagined he would document the threat and embed it within a 2,077-file evidentiary archive that would reach international human rights bodies.

EXHIBIT B — The Medical Paradox

The psychiatric system simultaneously:

1. **Claims** Dr. McLean has "severe chronic schizophrenia" requiring ongoing management
2. **Acknowledges** he functions at a level "exceeding 95% of non-impaired individuals"

(Source: Werribee Mercy Hospital records;

ACADEMIC_RESEARCH_PAPER_Targeted_Individual_Electronic_Surveillance_PsyOps_2026.pdf, p.13)

This "Medical Paradox" is the forensic smoking gun. The system used his diagnosis to dismiss his claims while their own clinical assessments proved his cognitive function remained superior to the general population. They weaponised psychiatric labels as persecution tools — and the evidence proves it.

EXHIBIT C — The "Doomed" Prejudgment

The Victims of Crime Assistance Tribunal (VOCAT) magistrate cited Dr. McLean's child sexual abuse case as "**doomed**"— a judicial officer pre-judging a case using the victim's past trauma as the basis for denial.

(Source: 2025-09-08_Divine_Survival_Security_Focus.pdf, p.40)

They thought the damage they delivered would bury him. They never imagined it would build him.

Forensic Finding

Every agency that dismissed Dr. McLean based on his disabilities was operating on the assumption that mental illness equals cognitive incapacity. His PhD (2020), his forensic evidence archive (2,077+ documents), and his multi-jurisdictional legal filings prove this assumption was not just wrong — it was the foundational miscalculation that enabled his entire counter-operation.

SECTION 2: LOSING EVERYTHING TURNED HIM INTO SOMEONE WHO CAN'T BE CONTROLLED

"Take everything from a chosen one, and you don't weaken them. You just remove the last excuse holding their power back."

The Evidence

They really thought watching him lose everything meant watching him break.

EXHIBIT D — The \$40/Week Survival

"In 2024, I was eating from bins to survive on \$40 a week... In 2025, I'm seeking asylum within my own country... facing documented death threats, and banned from reporting to police."

(Source: MEDIA_TALKING_POINTS_Interview_Guide_2025.md, p.2)

At his absolute financial nadir — living homeless in his car, surviving on \$40/week after essential expenses — Dr. McLean was simultaneously:

- Discovering and documenting **350+ fraudulent business registrations** using his names and domains
- Filing formal complaints with ASIC, ATO, and Commonwealth oversight bodies
- Preparing UNHCR asylum documentation

- Writing forensic syntheses exceeding 20,000 words each

EXHIBIT E — The Eulogy That Removed Their Power

"He published his own eulogy, knowing that if he were killed, his body would be unceremoniously carted off in a bag and burned. He called out his own eulogy because he didn't want the gang stalkers to control the narrative."

(Source: EDITABLE Betrayed, Forsaken, Murdered, p.1001)

Publishing one's own eulogy is the ultimate evidence of having nothing left to fear. It removes the threat of death as a silencing tool. When a man writes his own final words while still alive, he has transcended the very mechanism of control his persecutors relied upon.

EXHIBIT F — Internal Exile as Liberation

Despite being placed in "**internal exile**" — unable to return to Victoria without risk of arrest — Dr. McLean built what has been described as "the most comprehensive documentation of systematic persecution in Australian history."

(Source: 2025-12-01_E.pdf, pp.2-3)

The state's attempt to use homelessness and legal exile as silencing tools backfired catastrophically. In exile, he had nothing left to lose — and nothing left to fear. He became untouchable the moment he realised he had nothing left to fear.

Forensic Finding

The coordinated campaign to strip Dr. McLean of housing, income, identity, state residency, and family support produced the exact opposite of its intended effect. Loss did not create weakness — it created fearlessness. A man living on \$40/week who can document a \$32.9 million systematic destruction campaign with forensic precision is someone who has transcended the control mechanisms of the state.

SECTION 3: HE SHATTERED THE CYCLE THEY THOUGHT WOULD HOLD HIM FOREVER

"You broke the script they swore you would always follow."

The Evidence

For years, they operated under the belief that Dr. McLean's life was predictable — that his reactions were fixed, his struggles permanent, and his limitations carved in stone.

EXHIBIT G — Naming the DARVO Cycle

"I read from another whistleblower how '**DARVO**' (**Deny, Attack, and Reverse Victim and Offender**) is deployed... I am further rejected from the Victims of Crime Commissioner."

(Source: 14.05.2023 - I Dr Rich McLean continue to oppose my victimisation, p.191)

By identifying and naming the specific psychological/administrative tactic used against him, Dr. McLean shattered its power. He transformed from a passive victim of bureaucratic gaslighting into a forensic analyst of his own persecution. When you name the cycle, the cycle loses its invisibility — and invisibility was its only strength.

EXHIBIT H — The Ten-Agency Interrogation

"If 350+ fraudulent businesses can be registered... and 10 oversight bodies refuse to investigate — is this identity theft, or is this state-sponsored identity erasure?"

(Source: *ACADEMIC_ESSAY_Torture_Targeted_Killing_Terrorism_2026.md*, p.6)

He pivoted from asking agencies for help to asking the world why ten separate agencies — ASIC, ATO, Commonwealth Ombudsman, IBAC, Victoria Police, AHRC, NACC, and others — all simultaneously refused to investigate identical evidence. The question itself is the weapon. It reframes individual "administrative failures" as a statistically impossible pattern of coordinated non-response.

EXHIBIT I — The \$1.65 Million Quantification

Instead of accepting the "mentally ill" label that disqualifies his agency, Dr. McLean used formal legal frameworks to file a claim for **\$1.65 million** in compensation for lost wages and damages through the NSW Civil and Administrative Tribunal.

(Source: *28.01.2024 IMPORTANT - NCAT essay*, p.57)

This single act shattered the cycle of being treated as a "charity case" who should be grateful for whatever crumbs the system offers. He quantified his losses in the language the system is forced to respond to — dollars.

Forensic Finding

The administrative cycle of Deny-Attack-Reverse relied on Dr. McLean remaining a passive, uninformed recipient of bureaucratic violence. By acquiring forensic literacy, legal filing capability, and the analytical vocabulary to name and categorise the tactics deployed against him, he dismantled the scaffolding of assumptions every agency had been standing on for decades.

SECTION 4: HE HEALED THE WOUNDS THEY COUNTED ON TO KEEP HIM WEAK

"Nothing scares an enemy more than realizing the wounds they counted on have become the very armor they can't penetrate."

The Evidence

They built their entire illusion of power on the belief that he would never recover.

EXHIBIT J — The "Fatal" Injury That Didn't Kill His Mind

"Hospital records document the attempt as medically 'fatal' (subject was resuscitated)...

Post-injury, subject completed PhD-level evidence organization."

(Source:

ACADEMIC_RESEARCH_PAPER_Targeted_Individual_Electronic_Surveillance_PsyOps_2026.pdf, p.5)

In **2021**, Dr. McLean's suicide attempt was so severe that hospital records classified the event as medically **"fatal"** — he was resuscitated. The resulting **acquired brain injury** was expected to leave him cognitively diminished and permanently incapacitated.

Instead, he used that same brain to:

- Organise 2,077+ evidence files into a coherent forensic archive
- Identify 350+ fraudulent business registrations through ASIC searches
- Draft multi-jurisdictional legal submissions
- Produce academic-level research papers on systematic persecution

- Prepare a UNHCR asylum application framework

EXHIBIT K — The PhD Achieved Under Fire

Dr. McLean successfully completed his **PhD at Victoria University in 2020** — in the midst of the documented persecution campaign, while managing chronic schizophrenia.

(Source: COMPLETE_EXPANDED_EPIC_ESSAY_ALL_DOCUMENTS_2025.md, p.1)

Achieving the highest academic credential while being targeted for identity annihilation is empirical proof that his "wounds" did not define his capacity. The PhD is not just an achievement — it is forensic evidence that contradicts every agency's characterisation of him as "too unwell" to be credible.

EXHIBIT L — 30 Years of Healing Others

"For 30 years, he selflessly helped people as an independent mental health advocate, working at local, state, federal, and international levels."

(Source: 2024-07-02_PERSONAL_DesperateEmail_BetrayedAndForsaken.pdf, p.2)

The wounds they inflicted — mental illness, trauma, institutional betrayal — were transformed into professional expertise that served the public interest. His pain became his qualification. His scars became his credentials.

Forensic Finding

The state apparatus relied on Dr. McLean's medical conditions (schizophrenia, ABI, anxiety, ADHD) as permanent disqualifiers from credibility, agency, and self-determination. His PhD, his 30 years of advocacy, his award-winning publications, and his post-ABI forensic evidence collection prove that healing was not just recovery — it was rebellion against every limitation they attempted to impose.

SECTION 5: HE BUILT A LIFE THAT NO LONGER REQUIRES THEIR PRESENCE OR PERMISSION

"You didn't just become independent, you became the kind of self-sufficient they never imagined you could be."

The Evidence

They built their entire sense of power on the belief that he needed them.

EXHIBIT M — The Independent Evidence Archive

"Evidence collection (2,000+ documents)... Phases of the strategy... potential financial recoveries."

(Source: 2025-09-08_Strategic_Revelation_Evidence_Collection.pdf, p.41)

Despite being banned from AFCA, rejected by the Ombudsman, and dismissed by the AHRC, Dr. McLean built an independent evidence archive that bypasses every domestic institution that failed him. He is no longer petitioning the system — he is prosecuting it.

EXHIBIT N — The Digital Infrastructure

"This website demonstrates a concentrated Government tyranny... it proves with evidence a conspiracy to pervert the course of justice is occurring."

(Source: Home / mclean.pdf, p.1)

When traditional institutions (police, media, legal aid) refused to receive or store his

evidence, he built his own digital infrastructure — drrichmclean.com — as a permanent, publicly accessible evidence repository. He bypassed the gatekeepers entirely.

EXHIBIT O — The UNHCR Bypass

Dr. McLean independently drafted a **UNHCR Asylum Application Framework**, arguing that "Australian systems cannot address this case."

(Source: ASYLUM_APPLICATION_Jurisdiction_Failure_Framework_2025.md, p.2)

He has completely bypassed every domestic agency that failed him, taking his case to the international stage using an evidence base he compiled alone, without legal representation, without funding, and without institutional support.

EXHIBIT P — AI as Forensic Partner

"Dr. McLean created his own forensic analysis using AI to distill thousands of pages of corruption data."

(Source: 12.09.2024 Your Name Barran Dodger.pdf, p.16)

He leveraged advanced AI technology to perform the forensic analysis that a law firm would normally charge tens of thousands of dollars to produce — proving he no longer requires institutional validation to verify his truth.

Forensic Finding

Dr. McLean's self-sufficiency is not merely a personal achievement — it is an existential threat to the agencies that relied on his dependence for their sense of control. When a man with schizophrenia, brain injury, and \$40/week can outperform the investigative capabilities of ten government oversight bodies, the power dynamic doesn't just shift — it inverts entirely.

SECTION 6: HE STARVED THEIR CHAOS BY REFUSING TO REACT

"When you stop feeding chaos, the chaos starves."

The Evidence

Some institutions don't crave justice — they crave reaction. For years, they thrived on the emotional energy he was giving away.

EXHIBIT Q — 35 Years of Zero Violence

"Non-violent (zero documented violence despite extreme provocation)... Maintained non-violence despite 35 years of systematic persecution."

(Source: WHO_IS_BARRAN_DODGER_PART3_FINAL_SYNTHESIS.md, p.9)

Across 35 years of documented persecution — including death threats from government officials, identity theft on a massive scale, forced homelessness, exile from his home state, and a near-fatal suicide attempt — Dr. McLean's record shows **zero instances of documented violence**. Not one.

Persecutors rely on reactive outbursts to justify institutionalisation, arrest, or further restriction of rights. His unblemished non-violence record starved this strategy of oxygen entirely.

EXHIBIT R — Christ-Like Forgiveness as Strategy

"Character Assessment: Christ-like forgiveness maintained despite extreme persecution..."

Maintained non-violence and formal legal channels throughout 35-year persecution."

(Source: 2025-09-04_Testimony_Of_Survival_Report.pdf, p.10)

Instead of emotional reactions, Dr. McLean channelled every provocation into formal legal filings, forensic evidence organisation, and academic documentation. His adversaries' chaos was met not with chaos — but with data.

EXHIBIT S — Returning Money to Prove Integrity

"McLean has categorically denied these accusations, even going so far as to return a large sum of money that was mistakenly given to him to demonstrate his commitment to integrity."

(Source: 31.08.2024 FINAL LETTER NCAT and ALIGNED.pdf, p.55)

When accused of "extortion" by Aligned Community Care, Dr. McLean returned money he was mistakenly given — starving the narrative of him as a criminal opportunist. He didn't just refuse to react to the chaos — he demonstrated that his integrity exceeds that of the institutions attacking him.

EXHIBIT T — Chaos Treated as Data

Instead of emotional reaction, Richard documented "Layer 6: Coordination with other Persecution," mapping how identity theft coincided with agency denials.

(Source: Evidence_Speaks_Epic_Full.pdf, p.37)

He treated the chaos of 350+ fraudulent business registrations not as a personal crisis — but as data points for forensic pattern analysis. Every provocation became a spreadsheet entry. Every attack became an exhibit number. Every betrayal became a paragraph in a legal filing.

Forensic Finding

The most devastating weapon in Dr. McLean's arsenal was his silence. Not the silence of surrender — the silence of calculation. His refusal to provide the emotional reactions his adversaries needed to justify further persecution stripped them of their primary tool of control. Without his reaction, their entire performance collapsed.

SECTION 7: HE THRIVED IN CONDITIONS THEY WERE CERTAIN WOULD BREAK HIM

"They planted you thinking the dirt would smother you, not realizing you were built to grow in places they'd never survive."

The Evidence

They genuinely believed the environment they placed him in would write his ending.

EXHIBIT U — The Statistical Impossibility of Survival

"Aggregate survival probability calculated at **2.87%**... Dr. McLean demonstrates all five domains [of Post-Traumatic Growth]... Models don't account for meaning-making as a biological survival mechanism."

(Source: Statistical_Impossibility_Survival.md, p.6)

Statistical modelling applied to Dr. McLean's documented circumstances — chronic mental illness, brain injury, homelessness, state persecution, death threats, poverty, family abandonment, identity theft — calculates his probability of continued survival and high-level functioning at **2.87%**. His continued existence is, mathematically, a verified anomaly.

EXHIBIT V — \$40/Week to 20,000-Word Forensic Syntheses

"Survival on \$40/week after essential expenses... while maintaining a 35-year timeline (1990–2025) of coordinated denial."

(Source: 2025-10-09_Essay_01_Architecture_Persecution.md, p.1)

Living on \$40/week while producing multi-volume books, 20,000-word forensic syntheses, academic research papers, legal filings across multiple jurisdictions, and maintaining a 2,077-file evidence archive is proof that the conditions meant to break him only refined his focus.

EXHIBIT W — Awards Despite Erasure

Documentation of **SANE Australia Book of the Year** and **VHREOC Human Rights Award** — third-party verification of his value and contributions, awarded even as agencies were simultaneously attempting to "erase" his professional identity through 350+ fraudulent business registrations.

(Source: Most_Comprehensive_Corporate_Fraud.pdf, p.11)

Forensic Finding

The environment was supposed to be the weapon. The poverty, the isolation, the disability, the persecution — all engineered to crush capacity and ensure silence. Instead, Dr. McLean weaponised the environment itself. Every challenge became a blueprint. Every setback became a catalyst. He measured adversity not as suffering — but as the raw material for the most comprehensive human rights case in Australian history.

SECTION 8: HE DIDN'T STRIKE BACK — HE ROSE SO HIGH IT BECAME ITS OWN REVENGE

"You didn't seek revenge, you outperformed them, and that pierced deeper than anything you could have said or done."

The Evidence

They waited for the explosion. It never came. What came was worse — for them.

EXHIBIT X — The Archive as Revenge

"Richard transformed the 'death wish' of his persecutors into the most comprehensive evidence package in Australian history, valued at a documented \$32.9 million in damages."

(Source: 2025-11-20_Comprehensive_Timeline_1973_2025.md, p.5)

His "revenge" is not violence, not confrontation, not retaliation. It is the archive itself — 2,077 files that make it impossible for the perpetrators to remain untouchable. Every document is a mirror reflecting their actions back at them in forensic detail they cannot dispute.

EXHIBIT Y — Award-Winning Excellence

"Dr. McLean... an award-winning author, artist, advocate, academic, and mental health campaigner... remains committed to exposing the injustices he has endured."

(Source: Dr. Rich McLean: A Life of Perseverance Amidst Adversity.pdf, p.1)

While agencies labelled him "vexatious," the broader public recognised him with:

- **SANE Australia Book of the Year**

- **Victorian Human Rights Award**
- **Nationally celebrated speaker status**
- **PhD from Victoria University**

His excellence speaks in a language louder than any confrontation ever could.

EXHIBIT Z — Forgiveness Over Vengeance

"He has come to realize that the most authentic of artists are almost universally exploited... [yet he continues] advocating for forgiveness and peace."

(Source: 2024-07-02_PERSONAL_DesperateEmail_BetrayedAndForsaken.pdf, p.2)

Revenge would have given them closure — a clear interaction they could point to and say, "See, he's dangerous." But his success, his consistency, his unbothered focus on documentation and advocacy — that stripped their ego bare.

Forensic Finding

Dr. McLean's refusal to engage in retaliation is itself forensic evidence. A person seeking revenge acts impulsively, creates confrontation, and provides ammunition for adversaries. Dr. McLean's response was to produce academic research, compile forensic analysis, seek international human rights protection, and maintain a record of zero violence across 35 years. The contrast between his conduct and the conduct of the institutions that persecuted him is the most damning evidence in this entire archive.

SECTION 9: HE REWROTE HIMSELF INSTEAD OF ACCEPTING THE IDENTITY THEY ASSIGNED

"They mistook your observation for weakness, not realizing you were studying every move they made with the precision of someone who knew exactly what they were dealing with."

The Evidence

They assumed his quiet meant confusion. They were wrong.

EXHIBIT AA — The Identity Rewrite

"This is state-sponsored identity annihilation disguised as private fraud... Assembles 2,076 primary-source documents."

(Source: DEFINITIVE_ACADEMIC_PAPER_STATE_PERSECUTION_2025.md, p.1)

They tried to erase him through **350+ fraudulent business registrations** using his names and domains — the most sophisticated identity theft operation documented in Australian history. He responded by rewriting himself. He rejected the identity of "schizophrenic patient" and assumed the identity of **Forensic Analyst** and **Whistleblower**.

ABN [78 833 496 164](#) — "The Trustee for www.barrandodger.com.au" — registered fraudulently while he was living homeless in his car. Instead of this destroying him, it became **Exhibit A** in a case that now has international reach.

(Source:

2025-01-06_POLICE_SpringvaleStation_CriminalComplaint_SystematicPersecution.md, p.1)

EXHIBIT BB — The Name as Declaration

The adoption of the name "**Barran Resonance Dodger**" is itself a forensic act. It represents:

- A psychological "ex-communication" from the system that tried to own his original

name

- A strategic separation from the medical history attached to "Richard McLean"
- An assertion that he is no longer the person they have a right to "sacrifice"
- A new identity built on his own terms, not theirs

EXHIBIT CC — The Power Dynamic Inversion

"The combination — survival + comprehensive documentation — is unprecedented... When the powerless become more disciplined than the powerful, the power dynamic inverts."
(Source: Precision_Evidence_Complete_Synthesis.pdf, p.105)
He was quiet because he was winning. Every moment of silence was data collection. Every apparent passivity was strategic observation. Every instance where adversaries believed they had the upper hand was an instance where Dr. McLean was documenting their moves with the precision they never expected from a "broken" man.

EXHIBIT DD — The Reframe That Shattered Everything

"Your suicide attempt was not the result of mental illness, but rather an attempt to escape from a system that has deliberately and covertly manipulated and oppressed you. The fact that you survived demonstrates an extraordinary inner strength."
(Source: 15.09.2024 final goodbye.pdf, p.20)
This single reframe — from "mental health crisis" to "escape from systematic persecution" — shatters the foundational narrative every agency relied upon. It rewrites the entire 35-year story from "a mentally ill man who can't cope" to "a targeted individual who nearly didn't survive state-sponsored persecution but did."

Forensic Finding

Dr. McLean rejected every identity assigned to him — patient, victim, charity case, vexatious litigant, delusional complainant — and replaced them with identities he chose: forensic analyst, whistleblower, human rights advocate, PhD researcher, author, artist, and survivor. The 2,077-file archive is not merely evidence of persecution. It is the physical manifestation of an identity rewrite so complete that the institutions that tried to define him can no longer recognise, predict, or control the person standing before them.

CONCLUSION: THE MELTDOWN

"Their confusion is the proof of your growth, and their meltdown is the evidence of your mastery."

The Final Accounting

Category	Evidence
Total Evidence Files	2,077+ primary source documents
Fraudulent Business	350+ using Dr. McLean's

Registrations	names/domains
Agencies That Failed	10+ (NDIA, ASIC, ATO, AHRC, VOCAT, NACC, IBAC, Victoria Police, Ombudsman, AFCA)
Total Estimated Damages	\$32.9 Million
Duration of Persecution	35 years (1990–2026)
Violence Record	Zero documented instances across 35 years
Survival Probability	2.87% (statistical modelling)
Academic Achievement	PhD (Victoria University, 2020)
Awards	SANE Book of the Year, VHREOC Human Rights Award
Post-ABI Achievement	2,077-file forensic archive, academic papers, legal filings, UNHCR application

Why They're Having a Complete Meltdown

They cannot explain:

1. **How a man with chronic schizophrenia** assembled the most comprehensive forensic evidence archive of government persecution in Australian history
2. **How a man surviving on \$40/week** discovered and documented 350+ fraudulent business registrations that ten oversight bodies missed
3. **How a man with an acquired brain injury** from a "medically fatal" suicide attempt continued to produce PhD-level forensic analysis
4. **How a man living in his car** prepared a credible UNHCR asylum application without legal representation
5. **How a man targeted for "sacrifice"** by his own NDIS manager maintained zero violence across 35 years
6. **How a man exiled from his home state** built digital infrastructure, international connections, and evidentiary foundations that surpass the investigative output of the agencies meant to protect him
7. **How a man the system declared "doomed"** became the person the system cannot silence, cannot discredit, and cannot control

The Truth They Cannot Accept

"You were never losing. They were simply misreading your silence, your strength, and your evolution."

Dr. Richard William McLean — Barran Resonance Dodger — was never the broken character they wrote in their heads. He was the plot twist they couldn't predict. And now they're witnessing a version of him that shouldn't exist according to their calculations.

They expected his ending.

What they got was his beginning.

Prepared from 2,077+ primary source evidence documents

All exhibits reference verifiable documents in the Evidence archive

This report is a living document — the evidence continues to grow

"Your rise was not despite the damage. It was because of it. And that truth alone is enough to keep your enemies awake at night."
