Dear Member Purnell and Kate Watson,

We have come to an impasse framed by the below in that I am a Government scapegoat.

It is clear that over the years my prosperity has been maliciously redacted from me via way of financial control mainly because I have never been able to get a lawyer.

If we go through with the hearing on the 6th - I will be forced into it in an unfair inequitable and unbalanced way that for me would be again, doomed to fail.

If that happens I will be pulling out both your professional obligations in your duties and also framed by the charter of human rights for a person with a disability.

As we all are aware I am not allowed to be discriminated against, taken advantage of, have property withheld, and must have equality before the law and access to it - we know that is not true in my case.

The OPMC refuse my FOI and the attorney general Mark Dreyfus will not acknowledge me.

Likewise I am banned at WorkSafe and AFCA rejected from AHRC (both costing millions), and I am a failed whistleblower and recently my ombudsman public interest disclosure was not even given much notice then rejected.

The oppression is quite horrendous and you both know that the decision to redact and deny my work cover was instrumental in my suicide attempt which was an elongation and amplification of financial abuse from my former partner Steve Iasonidis an Asia agent and further that the OPMC refused to give my FOI which went so far as to protect him by not acknowledging the relationship.

The tax office and Centrelink and other agencies like ASIO and AGIS also protect his interests.

Henceforth my suicide attempt seems like it was a legitimate reaction to being vilified with mental illness when indeed I have a PhD and mental illness had never been an issue for me before I was triggered by my own child sexual abuse survival story in my PhD and me working with a client for a year and a half and listening to triggering stories about his child incest and rapes. I was going his VOCAT case and it was a combination of my scapegoating and non acknowledgement of this and framed by my own troubling experiences that led to me leaving work.

It was a psychological injury - and it was because what we now know to be true - that I was framed and psychometrically profiled by Government agencies.

I have had enough trouble in my life and I offer you both this:

That we meet casually prior to the hearing on the 6th.

That we come to a conciliation about the work cover and the entitlements.

This will of course take into account that the malicious redaction of my work cover was instrumental in my suicide attempt and the decision meant me harm and it meant to redact prosperity and that's an allegory toiling someone and great harm came to me.

In fact I now have a cognitive brain impairment and I will never work again and I never have since my 2021 suicide attempt in which I was found basically with no pulse with my heart stopped unresponsive and revived from death.

You see, I am a human being after all - I tell a mean dad joke and I have a beautiful husky who I love very much.

This scapegoating has been a catastrophic character assassination and I have learnt to enjoy my own company with no one on earth being on my side or in my corner.

A TPD settlement that the redaction of my work cover constituted to the second injury is likely a million dollars.

Its big numbers and I know you both don't want me to have any of it and that's what I face on the sixth if it goes ahead.

I appeal to both your sense of justice - I have fought long and hard and alone throughout the entire process in the strong sense of justice will prevail...

I think it will - if we come to a pre session casual hearing and talk with a bit of humility and a bit of compassion and not so cold hearted in that we may come to an agreement...not the whole amount but definitely not nothing.

It will be a way whereby I can move forward and with some clever wrangling the Government will never have to admit it killed me then covered it up or indeed - wants to sacrifice or kill me.

What do you both think?

This offer will only last for this week.,

Dear Mark Dreyfus

Dr Rich Mclean is not an equal and equitable member of australian society- and he deserves to be.

This is now an 2.7.6 Emergency disclosure. This is because the PID at the Ombudsman was never examined properly and even yet still Dr Mclean lives in poverty at risk of suicide with schizophrenia and a brain injury. Dr Mclean is a public official because he has or had a government employee login at the DSS.

If a public official (Dr McLean), believes on reasonable grounds that the information they have concerns a substantial and imminent danger to the health or safety of one or more people or to the environment, they may make an emergency disclosure to any person except a foreign public official (s 26(1) item 3), provided they meet certain requirements:

This is now such a disclosure.

» The extent of the information they disclose must be only what is necessary to alert the recipient of the substantial and imminent danger.

» If they have not previously made an internal disclosure about the matter, or if they have done so and the investigation is not yet completed, there must be exceptional circumstances justifying their decision to make an external disclosure. This might include, for example, if investigation was taking too long to complete having regard to the risk to a person's health and safety. (The investigation at the Ombudsman looks to be a part off the movement to deny Dr Mclean of any justice or prosperity and as such his life is at risk and this emergency disclosure is required.

04/08/2022 - NDIS, The Police, Weribee Mercy, ASIO, AGIS, The Ombudsman, AFCA, AFSA, APRA, AHRC, Mr Russell Ball, The Ombudsman, AHPRA, NHPOPC, The police, IBAB, The Victorian inspectorate, Weribee Mercy hospital and others all contribute to Dr McLean's vagrancy at this time and he makes a statement:

After Dr Rich Mclean made this public statement and circulated it, the police kicked in his front door he was cuffed and taken into a psychiatric hospital as a political prisoner. Whilst imprisoned the Weribee mercy hospital and the police allowed Hung Ho of Edithvale to destroy all his worldly goods. Dr Mclean warned of the threat - and it occurred. He cannot report this to police.

The debt is also for other issues such as the detriment suffered to Dr Mclean as Tim Gos from AFCA willingly took his determinations past the four week standard timeframe for marginalised people that AFCA's own policy states and into time frames over a year and a half.

Mr Gos clearly conspired with a broader movement to financially disable Dr Mclean. he did it audaciously and Mr Gos needs to apologise to Dr Mclean.

I ask

**'What is the reason you
cannot be compassionate
in the legal just complaints,
you wont give me an
outcome, and you as a
supervisor, arent giving me
outcomes for my
complaints?'**

Hows the steak, Tim?

This method which has relied psychometric profiling as detailed with a conversation Dr Mclean had with Mr Tony Riddell returned SAS soldier is systemic and it is corrupt. Here government profiling is revealed by Tony who is knowledgeable about risk being only one in three Australians with a counter terrorism clearance such as his. He is a person of interest and this meeting is important and gobsmacking in that it explains how this scapegoating has befallen Dr Mclean and the Government get away with it

and further what is planned for Dr McLean. Its none short than murder.

TWO DUDES TALK

THE TRUTH WILL SET YOU FREE

It must be acknowledged that an imbalance of power was occurring - Dr Mclean had all his life on the table with nothing and TimGos his in a conceited amount of privilege and audacious methods to gaslight Dr Mclean and Mr Gos' heartfelt apology is warranted.

AFCA are also not allowed to ban a member of the public from calling out systemic corruption. That is called injustice and it should have been sorted out with Dr Mclean's PID at the commonwealth ombudsman.

The Ombudsman was pointed out disclosable events by Dr Mclean but these were universally ignored.

CANT GO TO POLICE
and I
AM A FAILED
WHISTLEBLOWER
and additionally BANNED
FROM
The Commonwealth
Ombudsman

It is evident that the AHRC, and the AAT and ComCare amongst other guilty statutory agencies that are staffed by well paid public servants who have been no where as near as brave and courageous as Dr McLean in their lives where they direct Dr Mclean's redaction from finances.

Here Comcare and the member at the AAT overseen by Kate Watson a Government lawyer tasked with defending a decision by the Government not to pay work cover steams right ahead despite Dr Mcleans objection it should not when he has not got a legal representative. In fact Dr Mclean had only just survived a suicide attempt his life from the very abuse that is occurring here:

**She and the AAT know
damn well:**

**Its unequitable unbalanced
biased and against legal
principles ordinarily...**

**But for someone with a
disability: they have
positions of responsibility
as peoplen of public
office...**

Likewise over at the AHRC here is liz Lindsberg free kicking an apparently 'impartial' settlement to the opposition, TAL. You can spot the second that she free kicks what was a potential 1.5 +million dollar settlement to the opposition in a decision that was never going to be impartial and was stated as if she said 'pass the salt'.

It is evident the AHRC and Government are responsible for the detriment of over 1.5-2 million dollars because a settlement was reached with TAL

outside the AHRC's corrupt remit.

The attorney general refuses to converse with Dr Mclean and the last attorney general Michael Cash directed him to SANE's helpline.

This is a method used to vilify Dr McLean with mental illness and although true in some ways is not a panacea for avoiding the responsibilities of being caught out as corrupt.

Dear Dr McLean

Thank you for your correspondence of 8 December 2021 to the Attorney-General and Minister for Industrial Relations, Senator the Hon Michaelia Cash regarding your experience with Comcare. The Attorney-General has requested that the Attorney-General's Department respond to you on her behalf.

I am sorry to hear of the difficulties you are currently experiencing.

I note that you have raised a number of legal matters in your correspondence. It is not appropriate for the Attorney-General as the First Law Officer, or the Attorney-General's Department, to provide legal advice to members of the public or intervene in private legal proceedings.

I can however provide you with the following information regarding whistleblower protections in Australia. Current or former public officials who suspect wrongdoing within the Commonwealth public sector can make a public interest disclosure under the *Public Interest Disclosure Act 2013*. The Act requires Commonwealth agencies to investigate suspected wrongdoing and take appropriate action. The Act provides public officials who make a disclosure under the Public Interest Disclosure Act with

protection from reprisal action. Further information about the Public Interest Disclosure Act is available on the Commonwealth Ombudsman website: [Public Interest Disclosure - Commonwealth Ombudsman](#).

I understand from your correspondence that this may be a difficult time for you. You may wish to contact Lifeline, who provide crisis support by phone. They can be contacted 24 hours a day, seven days a week at: 13 11 14. You may also wish to contact SANE, who support people affected by complex mental health issues. You can contact them by email at helpline@sane.org or by phone from 10am–10pm, Monday–Friday: at 1800 187 263.

Dr Mclean is neither psychotic nor delusional as this recording states from when a crisis assessment team took him not custody where he there suffered a suicide attempt that was deemed 'fatal' and he was revived from certain death. The real reason was that this was deemed as 'punishment' for dr McLeans attempt at a settlement from his former partner Steve Iasonidis - who worked for ASIO and who the Government have been protecting. Even AGIS refused to intervene.

It was the vilification and abuse that killed him in the hospital - much like this early form of public humiliation in The Herald Sun that vilified his courageous story. Shortly after he lost his job at The Age. The VHREOC who had originally awarded him with human rights, refused to stand for the amount that Dr Mclean was asking for and like would happen so many times later in future, 'the system' got away with not paying dr Mclean.

The attorney general Mark Dreyfus also needs to acknowledge Dr Mclean's emails and apologise to Dr Mclean for treating him with such gaslighting contempt. Dr Mclean is a democratic citizen of this country and has done more hard work off his own bat independently to further awareness of mental illness on a local state federal and international level that it would make any public servants head spin.

Lastly The OPMC has refused Dr Mclean's FOI after first matching him with over 1500 matches on his name person and business.

Extension of time under s 15AC

Dear Mr McLean

On 14 April 2022, the Department of the Prime Minister and Cabinet (Department) advised this office that it had not made a decision on your FOI request of 7 April 2022 within the statutory period provided by the *Freedom of Information Act 1982* (Cth) (the FOI Act). Consequently, the FOI Act deems that the Department has refused your request.

However, s 15AC of the FOI Act allows the Information Commissioner to extend the processing time for an FOI request where the initial decision period has ended and the agency or Minister has not provided the applicant with notice of a decision. The Department has applied for further time to finalise your request.

The Office of the Australian Information Commissioner has previously granted the Department an extension of time under s 15AB(2) of the FOI Act (OAIC reference: RQ22/00794). This extended the decision period to 8 April 2022.

Decision

As a delegate of the Information Commissioner, I am authorised to make decisions on applications for extensions of time under s 15AC(5) of the FOI Act.

I have decided to grant the Department further time to **14 April 2022** to process your request. My reasons and considerations follow:

- The Department has advised that:
 - On 24 February 2022, search results were received and 1178 results were

returned. The Department attempted to conduct more targeted searches however, this was unsuccessful. Officers completed the review of the results on 12 April 2022, and no documents were identified as relevant to the request.

- Additional time is required as the Department was required to carefully consider documents found in searches.

1300 363 992 T +61 2 9284 9686 GPO Box 5218 www.oaic.gov.au enquiries@oaic.gov.au F +61 2 9284 9666 Sydney NSW 2001 ABN 85 249 230 937

OAIC

- At the time of this request for extension, the Department advised that a decision was ready to be finalised by 14 April 2022.

This extension of time under s 15AC of the FOI Act means that the deemed refusal is taken never to have applied because the agency has now finalised your request and notified you of its decision. Such an extension can only be granted once and cannot be extended by a variation.

I note that the *Freedom of Information (Charges) Regulations 2019* provides if an applicant is not notified of a decision on a request within the statutory time limit (including any extension of time), the agency or minister cannot impose a charge for providing access, even if the applicant was earlier notified that a charge was payable (regs 7(2), (3)). This extension under s 15AC of the FOI Act does not mean that charges can be reimposed and any deposit you have paid should be refunded.

If you did not received a decision by 14 April 2022 or you disagree with the Department's decision, you may wish to seek Information Commissioner review [here](#). Further information on [applying for IC review](#) is available on the OAIC website.

If you have any questions, please contact me on +61 2 9284 9815 or via email to Summen.Sarwar@oaic.gov.au. In all correspondence, please quote OAIC reference number at the top of this letter.

Review rights

If you disagree with the Office of the Australian Information Commissioner's (OAIC) decision you can apply to the Federal Court of Australia or the Federal Circuit Court for a review of a decision of the Information Commissioner if you think that a decision by the Information Commissioner to grant an extension of time is not legally correct. You can make this application under the *Administrative Decisions (Judicial Review) Act 1977*.

The Court will not review the merits of your case but it may refer the matter back to the Information Commissioner for further consideration if it finds the decision was wrong in law or the Information Commissioner's powers were not exercised properly.

An application for review must be made to the Court within 28 days of the OAIC sending the decision to you. You may wish to seek legal advice as the process can involve fees and costs. Please contact the Federal Court registry in your state or territory for more information, or visit the Federal Court website at <http://www.fedcourt.gov.au/>.

Further information

Further information about how applications to extend the timeframe to process an FOI request are handled by the OAIC can be found published on our website:

For FOI applicants: How to make an FOI request: Extensions of time
For agencies and ministers: Guidance and advice: Extension of time for processing

requests

The OAIC has the power to investigate complaints about an agency's actions under the Freedom of Information Act 1982 (FOI Act). This is a separate process from asking for an Information Commissioner review following a decision made under the FOI Act. Complaints usually focus on how an agency has handled your FOI request or complied with other obligations under the FOI Act, rather than the decision itself.

In some cases, the Information Commissioner's investigation of a complaint may lead to the agency addressing the issues that you have complained about. In other cases, the Information Commissioner may make suggestions or recommendations that the agency should implement. The Information Commissioner can only make non-binding recommendations as a result of a complaint. You and the agency will be notified of the outcome of the investigation.

FOI complaints to the OAIC must be made in writing. Our preference is for you to use the **online FOI complaint form** if at all possible.

Further information about how to make a complaint can be found published on our website:

<https://www.oaic.gov.au/freedom-of-information/reviews-and-complaints/make-an-foi-complaint/> .

This would have easily revealed the details of the psychometric profiling which has eroded Dr Mclean's peace prosperity and standard of living.

It would have also revealed his former partner Steve Iasonidis. He worked for Apple therefor ASIO under David Irvine. Here is Dr Mclean giving him the engagement ring in 2011:

It is no secret that Dr Mclean was living off a disability settlement from 2008 whilst Steve earned 30-40000 a month and even still unknown to Dr mcLean exploited him in terms of a 'carers' pension with which to bolster his already overflowing finances in comparison to Dr Mclean - who actually committed Centrelink fraud because Steve Insisted that hDr Mclean keep receiving he payment.

There is no denying the relationship existed and that every time Dr mclean attempted to get a settlement with Mr Iasonidis Dr mclean ended up in a psychiatric hospital. On one occasion Dr Mclean was beaten up by a Government thug inside whilst receiving care:

In addition Dr Mclean has been run over by a Government car which injured him and also his dog after his dog was attacked inside his home in Footscray and maimed).

Lastly the conspiracy is so brazen this is what Dr Mclean was confronted with one day in Footscray:

Dr Mclean is a brave and courageous man.

He has lost conservatively the following amounts in this conspiracy:

The Age discrimination / termination: \$300000

Work Cover from 2004: 200000

Former partner :\$500000

Extra 7 units of cover Health Super payment: \$500000

Whittaker malpractice: 340000

Work Cover 2021: 300000

Hospital settlement for acquired brain injury: \$300000

His possessions destroyed: \$50000

VOCAT corrupt ruling: 50000

VOCAT 2 corrupt ruling:\$50000

His child sexual abuse payment: \$15000

His NAVA insurance accident and illness: 150000

AFCA detriment: 2000000

AHRC detriment: 1500000

Bendigo bank fraud: \$69000

Violently assaulted in a hospital: 30000

= \$6,304,000

All payments have been redacted via government authorities and almost all rely on taking advantage of him discriminating against him and redacting his property in opposition to the charter human rights.

Finally but not least, here is your office treating him with contempt and not acknowledging his valid issues that he is desperately trying to acknowledge with the world.

As a child sexual abuse survivor your conduct in regard to McLean is abhorrent and this letter needs to be acknowledged in full.

Lets think about solutions for Mr Mclean.

He simply would request an acknowledgement of the traumas and scapegoating and even though a conspiracy to pervert the course of justice won't be admitted; Dr Mclean would like to have at the very least his basic needs of a home food and medicine met.

He has collected evidence that he will actually be sacrificed - ie - killed. It won't be mental illness that kills him but the violence of neglect marinated in pitiful stigma and shame that is not his.

I hereby demand that payment of two million dollars compensation be paid to me within 10 days from the date of this letter at the following address: Ing Bank, Barran Dodger, BSB 923100 ACC 310283087.

Dr Mclean will consider the alternate amount of \$25000 a month for the rest of his life.

If this is not possible please explain why in a letter that has acknowledged these issues - the reason why he lives in abject poverty without enough food medicine security and barely a home?

What is occurring is a vile victimisation of Dr Mclean that has been elongated over years and thorough in its approach. It is quite simply a conspiracy to pervert the course of justice. If a settlement is not reached then it will be taken to the high court of Australia as such and make the 1997 Cornelia Ray issue look like pennies.

Please note that if I have to commence legal proceedings in order to secure repayment of the debt owing, this letter will be tendered in court as evidence of your failure to attempt to resolve this matter. Further, you may be liable for any court costs, lawyer fees and damages, including punitive damages.

You might want to contact a lawyer to discuss your legal rights and responsibilities.

Yours sincerely,

Mr John Boyle,

On behalf of Dr Barran Dodger,

Who inhabits the body of Dr Rich Mclean.

At least pay him out the other unit of his 2008 TPD claim because in 2007 two units were standard and he only received one.
